## *Foreword*

A new gymnasium, an extensive renovation and expansion program, a diversified curriculum—all these evidence the immediate progress which "Our School" has made in the last year. What does all this mean to us? To the student, it provides a challenge for furthering his search for knowledge; not only for personal gains but also for the benefit of others. To the faculty, it means, improved facilities with which they may expand their teaching techniques in order to achieve the pursuit of excellence. To the administration, it means, providing each student with the proper opportunity to prepare for his or her future. To realize to its fullest this betterment of "Our School", the administration, the faculty, and the students are united in the classroom, on the sport's field, and in social and extra-curricular activities.

"Our School" has been our home away from home for six years. It has opened to us the fields of scholarship, leadership, service, citizenship, and friendship. For these reasons we have chosen "Our School" as the theme for our memorable book. This theme is based on the play "Our Town" by Thornton Wilder in which we witness the everyday happenings and cooperation in a small community.

## *Dedication*

We, the graduating class of 1961, dedicate our edition of Les Memoires to Mr. Charles Schaeffer. We have bestowed this honor upon Mr. Schaeffer, because he has been a true teacher in every sense of the word. He has not only taught us mathematics; but he has also taught us how to be good citizens. He has always been a friend to everyone and has always been willing to give his time to help a troubled student.

Mr. Schaeffer has been a member of the Wilson Borough High School faculty for seven years. During this time, he had a leave of absence allowing him to go to the University of Chicago under a National Science Foundation Grant. While he was gone, Mr. Schaeffer was missed by the students. We were all very happy to know that he would be back with us soon.

After we graduate, Mr. Schaeffer, you will be one of the memories that will linger in our minds. Wherever you go and whatever you do may God be with you.

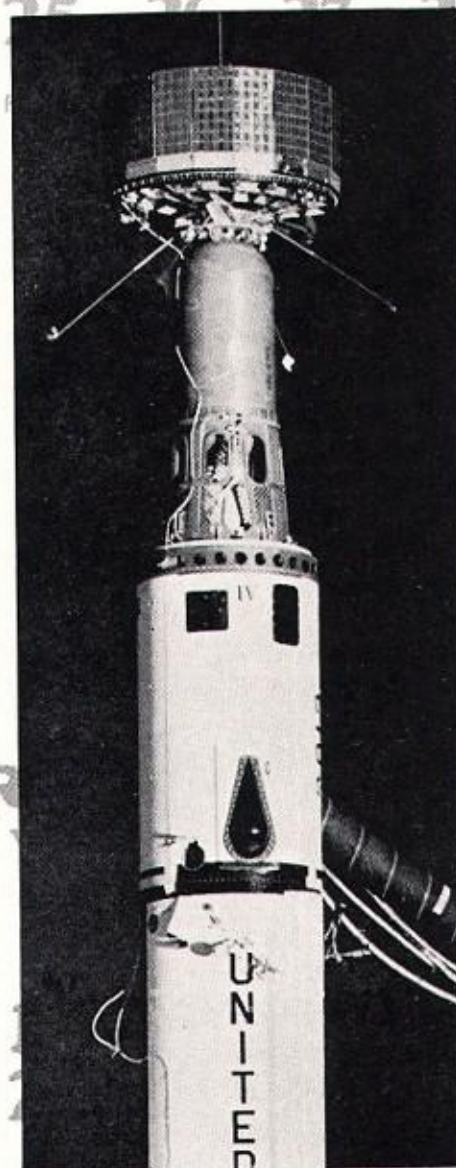

Mr. Charles Schaeffer

## *Swiss Miss Spends Year At Wilson*

A new addition to our school this year has been the foreign exchange program sponsored by the American Field Service. Last year students were asked to contribute, or as the administration called it, "buy a share", in a foreign exchange student. Our exchange student's name is Annemarie Lenz and her home is Switzerland. She was born on April 12, 1943. At home Annemarie has one older brother. She attended a commercial school until she left for the United States. Among her favorite pastimes in Switzerland were going to the mountains, skiing, and swimming.

In July Annemarie left for America on the liner, *M.S. Seven Seas* along with 1300 other foreign exchange students. She arrived in New York on August 21, 1960, where she was met by the Curnows who were to be her foster parents for the next year.

At Wilson High Annemarie takes part in the Mixed Chorus, the girls basketball team, and can be seen mak-

ing many speeches at the school and in the community. Her popularity is shown by her nomination for Sports Queen and obtaining the honor of being the first Warrior Princess.

Her favorite pastimes include practically everything, but she enjoys dancing and watching television, especially the Flintstones.

In the school, itself, Annemarie enjoys the classes of American History and Biology.

When she was asked, "What do you think of America?" She replied: "When I first came to the United States, I was amazed how much dirt there was in a big city such as New York. This gave me a prejudiced feeling. But when I saw the private homes here I was surprised to see the houses so clean and neat, and all the people so friendly. I think this is just about the nicest thing about the United States, the friendliness of the people. To make a long story short, I love the United States and her people."

Dick Grube (55), Wilson workhorse is tackled, but not before he picks up yardage toward a first down in the Nazareth game.

The next week we entertained a highly rated Gov. Mifflin team. Again the Warriors were the underdogs, but battled the Mustangs to a 0-0 tie at half time. At the beginning of the third period, Roger Boger, the quarterback, threw a long pass to end, Tony Montesana for the first score of the game and a 7-0 lead. In the dying minutes of the next quarter Mifflin scored on a screen pass to gain a 7-7 tie. Finally with two minutes remaining in the final period, Wilson drove to the three-yard line, and on a fourth down Boger went back to pass; finding no receivers open, he bulled his way over for the winning tally and our second victory.

Left halfback, Joe Matyas (26) is brought down after a run-back in Bangor game.

This year's highly-esteemed football team brought home the Lehigh-Northampton League crown for the first time in over five years. Although, picked at the beginning of the season to win one game, our Warriors brought home a 7-3 record. Head coach, Paul Opitz and assistants, Fred Eisenhard and Wayne Grube can feel extremely proud of this year's showing.

For the first game our highly-spirited Warriors ventured to Reading to engage Wilson of Westlawn. Outmanned and outweighed, our Warriors pushed Westlawn around for three quarters, but could not manage a score. In the closing minutes of the game, linebacker and co-captain, Keith Metler pulled a desperate Westlawn pass out of the air and raced fifty-six yards for the winning score. Our boys came back home heros, for this was the first time in twelve years that we had won an opening game.

Dick Grube plunges for three yard gain and touchdown during East Stroudsburg game.

Then came our first league game with Hellertown at Hellertown. For the third time the Warriors were the underdogs. Hellertown scored the first time they got the ir hands on the ball, when we fumbled on the ensuing kickoff. Finally we got moving and drove to the twelve-yard line where from there Tom Dingle scored and Dick Grube kicked the extra point for a 7-6 advantage at half-time. The Warriors exploded in the second half to score three times on runs by Mammano of forty-five and one yards, and Grube of one yard. This capped our third straight win, 27-6.

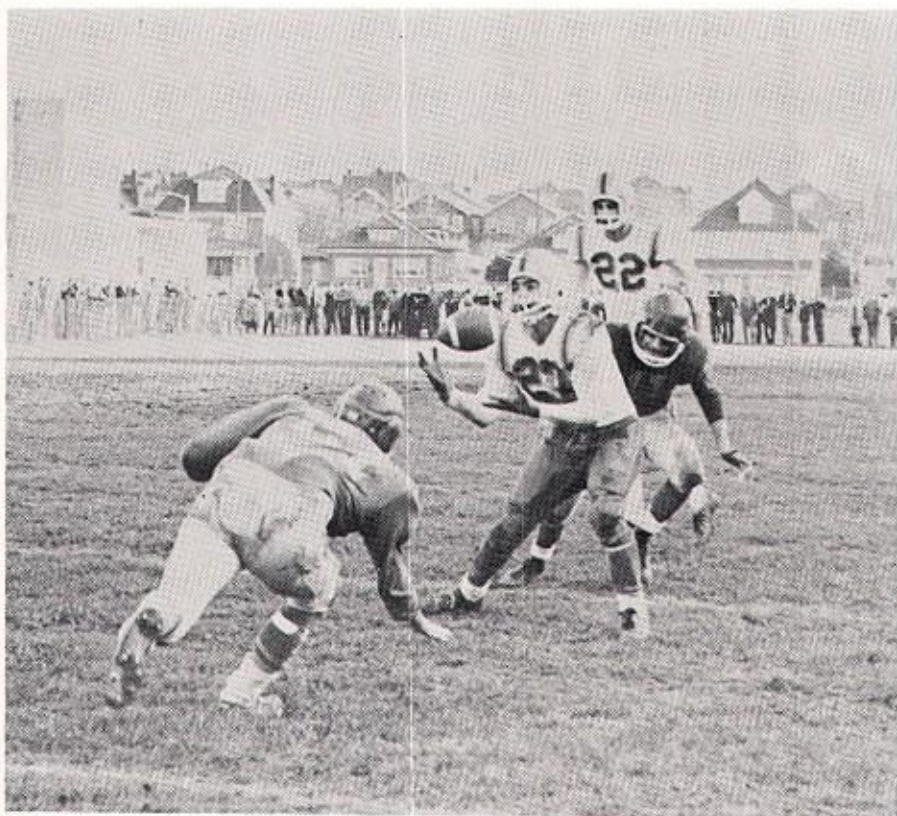

Then disaster struck; we lost. We were host to a great Bangor High team and were defeated 13-7. Our only score came on a fifty-two yard run by Dingle. Our Warriors had a bad day and all the breaks seemed to be against us.

Our second straight loss came at the hands of Palmer-ton, by a 21-6 score, with Mammano making our only tally.

Finally our losing streak ended when the Warriors smacked East Stroudsburg, 27-6. Our first score came when halfback, Joe Matyas took a seventeen-yard pass from quarterback, Boger in the end zone. Grube then took on the brunt of the attack and scored twice with runs of three and nine yards; he also kicked three extra points. Then the Cavaliers scored when a halfback dashed 85 yards to a T.D. This was the longest run that any opponent offered all year.

With the football machine still rolling, Wilson traveled to Pen Argyl to blank the Green Wave 21-0. Mammano scored on runs of two and thirty yards, while Dingle scored on a twenty-nine yard run.

Halfback Butch Mammano receives pass from quarterback Roger Boger in Bangor game.

Our last game was played at Cottingham Stadium when we played host to an undefeated Nazareth team. But this day our Warriors could do no wrong, and we defeated the Blue Eagles 33-14 before 10,000 fans. Along with this terrific victory went the prized L-N trophy. The Blue and Gold dominated the game from the word "GO". We scored three times in the first half with Grube and Metler, Grube scoring twice. The score at halftime was 19-7, with Nazareth scoring in the last seconds with a pass. In the second half, Dingle and Grube finished out our scoring with Nazareth adding a final tally in the dying seconds.

Throughout the year Wilson compiled a total of 2068 yards rushing against the opponents' 1038. In the passing department we out-threw our opponents 657 yards to 649. In the first downs we also came out on top, 97 to 90. Thus ended a very successful season for the Warriors of Wilson.

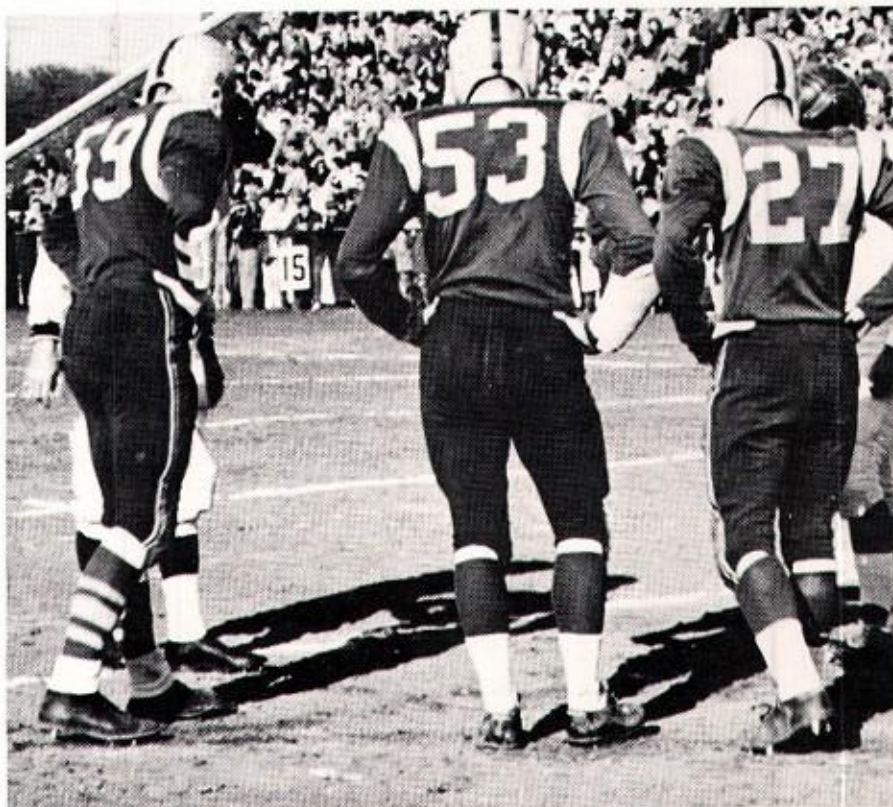

Quarterback, Roger Boger (37) eludes Bangor players by the helpful blocks of Tom Dingle (23) and Dick Grube (55).

Still going strong, our Warriors defeated Parkland, 26-6, behind the able signal calling of Boger. Our first goal came on a blocked punt by Bob Adams who scooped up the ball and scampered fifteen yards to paydirt. Also, Mammano scored twice, and Dan Christian once. The entire second half was played by the junior and sophomores who will comprise next year's team.

For the ninth game Wilson entertained a strong Emmaus team. There was a let down before the game and the Warriors lost 12-6, with Christian scoring the only touchdown.

## *"Booters" Give Powerful Bethlehem Good Fight*

The Wilson High School Soccer Squad was the first team to play on the new soccer field. The squad consisted of 16 letter winners including 8 seniors. The seniors are co-captains Fred Gibbs and Barry Young, also Matt Gualano, Don Hazelton, Ron Hazelton, Vic Kurilko, Barry Hoskins and Bill Long.

Although the team does not sport a winning record, they showed much improvement dropping some of their games by only one point. The highlights of the season were when our "booters" faced the powerful Bethlehem squad, the winner of 30 straight games and also league champ, on our home field. The mighty Warriors offered a strong battle, but pulled the bottom of a 1-0 score. The teams gave a repeat performance at the Bethlehem field.

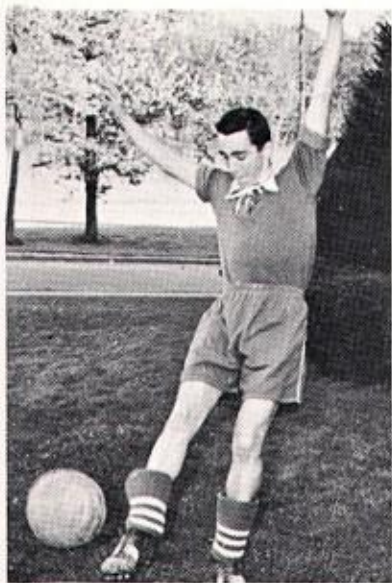

The leading scores were juniors, George Hrymack and Tom DiSante. The team concluded the season with a final record of one tie and nine losses. Coach James Harron is well pleased with his seniors but is now looking to the underclassmen for next year.

## *Veteran Starting Five Sparks Basketeers*

The Wilson High School basketball team of 1961 was the first team to use the Clare T. "Bumps" Johnson Memorial Gymnasium. Co-captain, Bill Baker, Chip Bachman, Bob Fulton, Joe Matyas, and Barry Seiple were the seniors on the squad. They were ably managed by senior, Dave Boyer.

The Warriors initiated the new gym properly by defeating Palmerton 56 to 48. The Warriors then fell prey to Dieruff High School, but we retaliated and dumped Southern Lehigh 56 to 43 in a closely fought game.

We went into league play on the "left foot" dropping the first two contests to Fountain Hill and Parkland. The knights of the court seesawed from victory to defeat with Pen Argyl, Coplay, East Stroudsburg, Phillipsburg, and Bangor. The Warriors then added its name to the Wilson teams that have defeated Nazareth. We won 39-34, in over time on the able shooting of co-captain, Craig Fuehrer. We then lost to Hellertown 63-58, with a last quarter rally falling short.

The second half began as poorly as the first, losing the first two games to Fountain Hill and Parkland. However, progress was shown with the opponents just

edging out the victory. It was a determined team that hit the last half of the schedule, winning 6 out of 7, dropping the last one to Hellertown. The Warriors again had the privilege of beating Nazareth, their arch-rival, by the score of 47 to 38. The team concluded the season with 12 wins and 9 losses; the Lehigh-Northampton League record was 9 and 7.

The team scored 1165 points throughout the year as compared to the opponents 1105 tallies. This included 878 points on field goals and 287 on foul shots. The individual scoring was lead by backcourt ace, Craig Fuehrer. He scored 520 points during the year, 400 of which came during league games. Craig, although only a junior, achieved many honors for his outstanding ability. He lead the Lehigh-Northampton League with the most points scored, made the first team All-League, and received honorable mention on the All-State team. Craig was aided by Bill Baker with 199 points, Bob Adams with 127, Chip Bachman with 84, Joe Matyas with 71, Barry Seiple with 58, and Bob Fulton with 57 points.

All in all, the class of '61 can be proud of the Warrior knights of the court.

## Golf

The Wilson High Golf Team entered its second season in the Lehigh Valley Interscholastic Golf League. This year's team is out to better the last year's record of 2 wins and 4 losses.

Returning letter man is Chip Bachman who lost only one match in last year's competition. Also returning is Paul Kunkel, the only other letterman and a junior.

Although the team has lost every match so far this season, they are hoping for better future matches.

The backbone of the entire system of intramurals is the Girls Intramural Council. This group arranges the schedules, picks the captains of the various teams, and selects the names to be used for the teams.

## *Wilson Sends Three To District XI Tournament*

This year's wrestling team, although falling short of winning the league championship, brought home an impressive slate of nine wins and four losses. The team co-captained by Roger Boger and Frank Zingone, should be commended on the fine effort put forth by the team.

The hard work put forth by our boys paid off when the Warriors won the first five meets in a row. They beat Whitehall 42-3, Southern Lehigh 34-24, Parkland 29-9, Phillipsburg 32-17, and Emmaus 27-13. At this time, Wilson was in a three way tie for first place with Easton and Bethlehem. In the sixth meet the Warrior grapplers faced a strong Easton High team and were defeated 29-12. Rounding out the season of thirteen meets, the Warriors defeated Dieruff 33-14, Nazareth 27-20, Hellertown 25-19, and Notre Dame 29-19, while losing to Bethlehem 40-3, Northampton 33-11, and William Allen 23-18.

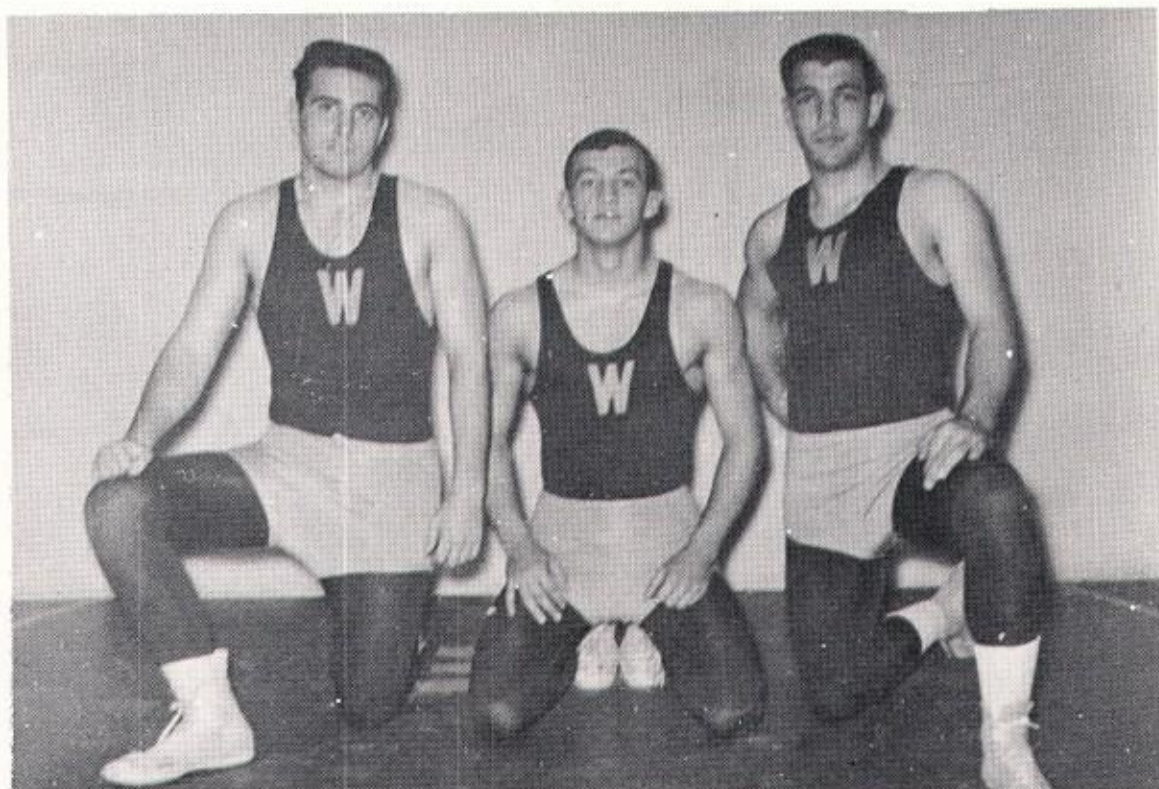

After the regular season, Wilson went to Dieruff to

participate in the annual District XI wrestling tournament. The Warriors put three members into the finals, co-captain, Roger Boger and Frank Zingone, and junior, Bob Guzzo, but all lost in the final match.

The Wilson baseball team has suffered from the rainy weather this season. The first game was played at Southern Lehigh on a cold, windy day. Southern Lehigh won the non-league game, 5-2. The game with Dieruff and the two games with Phillipsburg were postponed due to the rain.

The first league game was played at home with Bangor. This game had been postponed at an earlier date. Tom Dingle pitched a two-hit game and the Warriors fought Bangor to a 0-0 tie. The next game at Nazareth was the Warriors first league loss. The Warriors took a 3-0 lead in the top of the first, but Nazareth roared back with nine runs in the last of the inning. The Eagles went on to a 12-3 victory after the 54 minute first inning. To help their game along Nazareth executed a triple play in the second inning.

The team retaliated, however, and beat Fountain Hill with two big inning rallies. The Warriors unleashed a 14-hit attack to swamp the Hillers 11-2. Fountain Hill

took a 1-0 lead in the first on a sacrifice fly, but Wilson came back with five singles good for five runs. Bob Adams' safety chased across two of them. The Hillers rallied in the fourth but for only one run. The Warriors sealed the verdict with six more runs in the fourth. Tom Dingle was the winning pitcher, striking out 7 and walking 3. Tom surrendered only three hits during the game.

Wilson High lost there next game to Parkland due to a walk and two costly errors. Parkland rolled to a 3-0 lead in the fourth when the winning pitcher Bob Mertz drove in two runs with a single and scored the third on a over-throw. Dingle, the losing pitcher, gave up only three hits while striking out six. The Warriors scored their only run when Wayne Unger singled and came home on single by Tom Dingle, a bunt by Jack Messer, and a walk by Keith Metler.

The Wilson Warriors and their coaches, Mr. Berger and Mr. Gerber, are looking forward to a successful completion of the baseball season.

### GIRLS BASKETBALL WRITE-UP

This year's varsity squad was co-captained by Sonya Stannard and Sandy Hageman and ended up second in league play. Wilson's victories this year were due to a strong guard section and an evenly balanced forward lines. The season ended with a three-way tie between Wilson, Pen Argyl, and Bangor. Wilson defeated Bangor in a playoff game; however, the Warriorettes lost to Pen Argyl by a very close score.

The scoring went as following this year. Sally Hixon—75; Kay Mackey—67; Sandy Hageman—19; Kim Hummel—15; Barbara Flagg—10; Annemarie Lenz—2; Judy Hawk—8 and Sonya Stannard—2, although the last two were used primarily as guards.

Under captain, Betsy Garner and co-captains, LaVerne Reiss and Sonya Stannard, the team played a total of eight games. The hockey squad beat Moravian Seminary for their opening meet. They also played Palisades, Moravian Seminary twice, Southern Lehigh twice, North Hunterdon Regional, and Phillipsburg.

The girls were coached by Mrs. Purdy and they deserve recognition for representing Wilson High School in girls athletics.

## *Roger Boger Leads Warriors in Scoring*

This year's track team, coached by Mr. Frank Martenis, is looking toward a very bright season. Although only breaking even in the first four meets, the boys are striving to retire the Clare Johnson trophy in the triangular meet. They are also looking for a repeat performance in winning the field trophy at the Bethlehem Relays.

At the first meet with Nazareth, the Eagles were aided by the speed of Jeff Marsh who placed first in the 100 and the 220. Wilson also fell down in the field events with Nazareth placing first in each of them.

Wilson extended its bad streak by losing to Parkland,  $44\frac{1}{2}$  to  $54\frac{1}{2}$ . Although the Warriors placed first in the javelin, pole vault, 100, and the 220, Parkland received firsts in the other events and gained the majority of the second and third places.

Wilson broke its losing streak by defeating Bangor  $57-1/6$  to  $41-5/6$ . Although Collura from Bangor gained firsts in the short runs, Wilson rallied in the long runs and in three out of five field events to clinch the win.

Wilson then romped over Northampton by a score of  $63\frac{1}{2}$  to  $26\frac{1}{2}$ . A sweep of the 440 and first in all the other events except the pole vault assured the Warriors of a win.

The Warriors swept to their third straight victory of season, swamping North Regional  $65\frac{2}{3}$  -  $24-1/3$  on the winners track. Double winner was Roger Boger in the 100 and the 220 and he also placed second in the discus. Wilson placed first in eight out of eleven events to gain the win.

### SWIMMING ADDED TO VARSITY SPORTS

The Swimming Team completed its first season at Wilson High School. The team, coached by Mr. John Hooper, participated in three meets. Captain, Bill Long, lead the team in their first meet against Parkland, which we lost 78-7. Other meets were with Whitehall 51-35, and Emmaus 52-34. Although the boys did not win a meet all year, they are to be commended on such a good showing in the first year of varsity competition.

## *Rah-Rah Girls Lead Crowd in Cheers*

Behind every successful man there is a woman. Peppy cheerleaders play an important role in sports, as they try their best to spur a winning team. Even when the odds are against them, they never give up their vim and vigor. With their cheers, songs, screams, and tears, they inspire players and sometimes may be responsible for winning a game.

Although many long hours of practice are required to maintain those perfectly arched jumps and symmetric

pyramids, it all proves worth the work. New cheers are constantly added to their list. With the opening of the new gymnasium, the squad served as proud hostesses to the visiting crowds, greeting them with special welcome cheers.

Through graduation six seniors will be lost. They are Charlotte Jones, captain; Barbara Weiler, Kathie Betz, Joyce Avalon, Muriel Kocher, and Diana Shriver, substitute.

Miss Helen McHugh, teacher at the school, serves as the instructor and trainer of the snappy eight-girl squad.

Spirit of '76

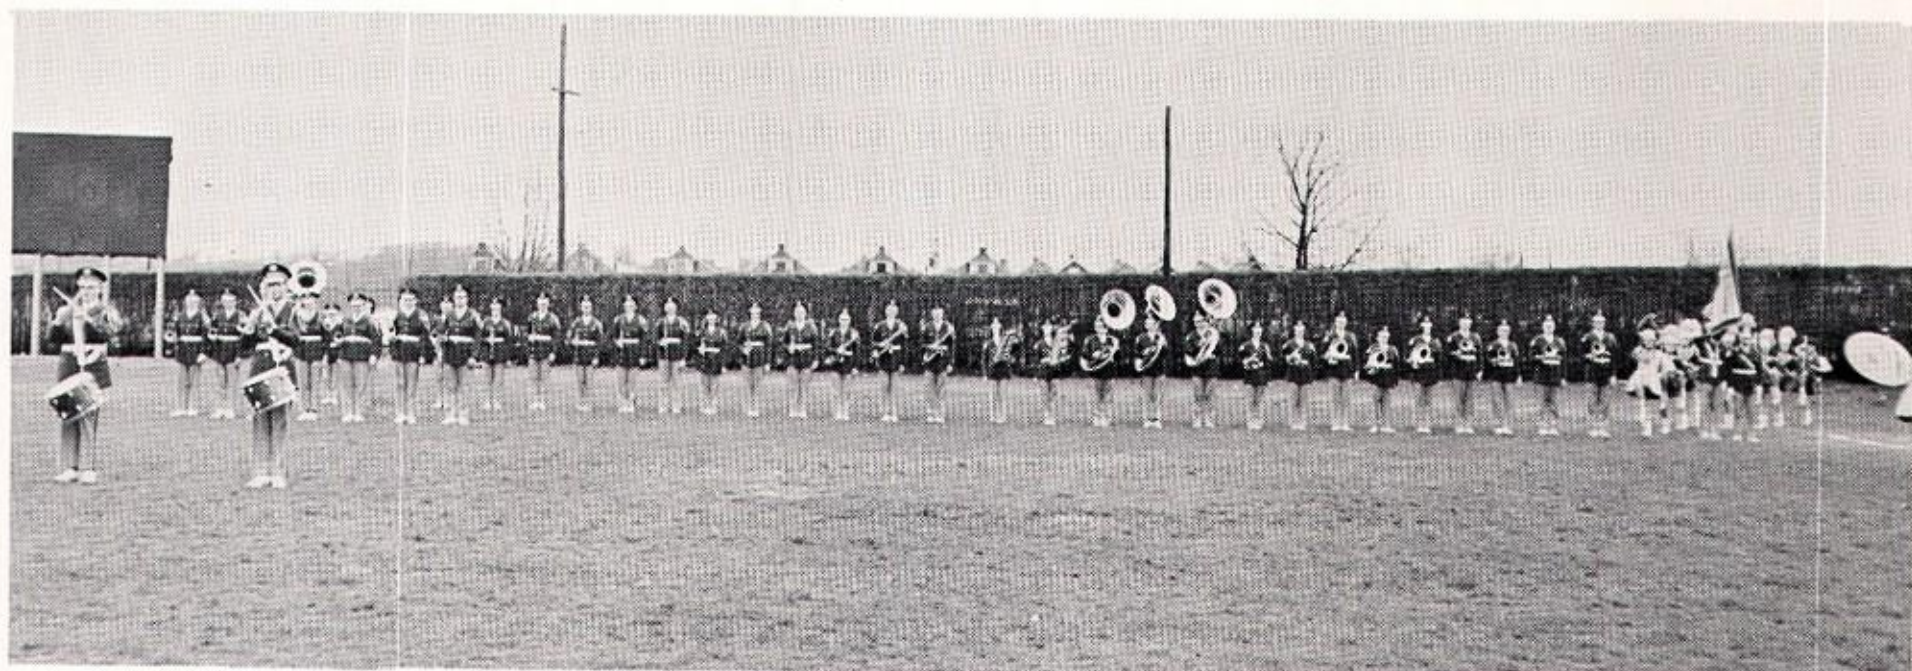

Proud leader of a loyal band.

Receiving the ovation from a highly satisfied audience.

Wilson High School marching band in fanfare formation.

Mr. Ronald Sherry, the new band director, introduced to the public a newly militarized unit which won public acclaim from Reading to Boyertown. The band appeared on the football field with the new sound, the new look, and new life. The spirit of the band was far above par, as could be seen at Boyertown, which was a shining example.

Although the bandsmen needed some prompting during the inspection, they quickly regained their faculties as soon as the opening strains of the Chinese fanfare were sounded. The judges, as well as the spectators, were overwhelmed by the prize-winning drilling and playing.

After such a successful night at Boyertown, the band went on to display their repertoire on other occasions which proved to be just as rewarding. In the beginning of November, all plans were centered on the Nazareth game. While the competition between the two schools, both athletically and musically, was intense; the team and band pulled through by doing a good job and we all had a good time marching home.

Once we came back from our Christmas vacation, we started to work on one of the best programs the band ever played. The music for the program consisted of classical, martial, show, and popular music. Hits of the night were "Parade of the Charioteers" from "Ben Hur", "March for Americans", "Greenwillow", and "Theme from the Apartment". Soloists for the concert were Judy Kane, piano, and Richard Brasefield, trumpet.

This year something new was added to the band concert in the form of the John Philip Sousa Band Award. This award is given to the outstanding boy and girl senior member of the band. This year the recipients were Richard Brasefield and Bonnie Bastka.

The band closed the school year with another concert and a few parades. But unlike other years the band has one more event before their year is complete. This is the Lion's International Convention which is to be held in Atlantic City. The band parents, members, and the Lion's Club have worked hard to make the convention a success.

## *Dance Band Performs at Assembly*

The Dance Band, under the direction of Mr. Ronald Sherry, has provided entertainment for the student body in the form of assemblies and dances.

In cooperation with the other musical organizations in the school, the Dance Band produced a successful May Music Festival.

The Band also contributed its talent to the success of the annual Basketball Bounce. At this dance the members of all the sports teams were honored for their participation. And for the first time a sports queen was crowned.

## *Orchestra Provides Music*

The Orchestra added color to the performances of the Christmas Program and school plays.

Another event which featured the Orchestra was the May Music Festival. At that performance the Orchestra's program was composed of classics, hymns, show tunes, and orchestral marches.

The group closed the school year by playing for Baccalaureate and Commencement.

## Chorus Participates in Diversified Program

Our Mixed Chorus has a new director this year, Mr. Edwin Schatkowski. "Mr. S", as he is called by many students, has embarked upon a program of diversified music. Music appreciated by young and old, high and low brow.

This year our chorus has seventy-two members. The chorus sang at St. John's Lutheran Church giving a program based on the *Four Prophecies*. The chorus, also, has taken part in the annual Christmas Program with reli-

gious, modernistic, and folk music. And this year for the first time the chorus was heard on the radio on Christmas Eve.

The Mixed Chorus has also taken part in the May Music Festival, in which they used sea chanties, another dimension in their program music: and the Baccalaureate Service.

Members of the chorus making District Chorus were: Ronald Kline, Philip Lauer, Judy Kane, Judy Curnow, Ginny Johnson, Muriel Kocher, Barry Seiple, Anthony Kulczycki, Catherine Gardner, and Fredericka Smickle. This was the largest group from the high school to ever attend such a function.

Out of the ten previous mentioned, three were selected to attend Regional Chorus. Those attaining this honor were Judy Curnow, Ginny Johnson, and Philip Lauer.

## *Honor Society Inducts 22 New Members*

Admission into the Wilson Chapter of the National Honor Society is the highest honor that can come to the high school student, for it stands for excellence of achievement, not only in one line but also in every line of endeavor.

Scholarship, service, leadership, citizenship, and character are the factors which determine a student's eligibility to be elected to the Honor Society. An average of "B" or better is a requirement for admission. But scholarship alone will not admit a student to the Society. To scholarship must be added service. The unselfish devotion which gives itself to the need of the individual, of the school, and of the nation. But to service must be added leadership. Not every man is born to lead but to those who possess that gift and use it well, the world gives

honor and glory. Those who are chosen for membership have shown active participation and leadership in extra-curricular activities. To leadership must be added character. As one grows in character, his personality becomes increasingly attractive and beneficial to those around him. And to character must be added citizenship.

Membership in the National Honor Society is limited to 10 per cent of the senior class and 5 per cent of the junior class.

## *Editors Have Busy Year. As Usual*

Take these pictures! Write those captions! Proof-read these write-ups! Watch for good candids! Type this assignment!

These phrases are very familiar to anyone connected with the publication of the *Les Mémoires*.

The production of this memorable book is an arduous task for both the staff members and the advisors. The editorial staff, under the guidance of Mr. Thomas Burke includes the literary, sports, photography, and layout staffs. The literary department, headed by Joan Davey is responsible for writing all copy, including senior and club writeups and the added attractions such as the will, prophecy, and history, and finally, the staff edits, types, and sends the finished product to the printer. The layout staff, under the supervision of Jessie McFeeley, plans the layout of the book and decides what pictures should be taken, and meets the problem of squeezing copy into allotted space. The photography staff, headed by Joyce

Jones, schedules the pictures in cooperation with the photography advisor, Mr. Harold Reppert. The sports staff, directed by Steve Schooley, plans the entire athletic section including pictures, copy, and layout.

The business staff under the faculty direction of Miss Hay and the student direction of Barry DePamphilis, secures the advertisers and the patrons and handles all the financial problems.

Each year, the juniors on the yearbook staff attend the yearbook conference at Muhlenberg College to gain new ideas for their book the following year.

During the summer vacation, after school, and on Saturday, the work on the yearbook continues, until each detail meets the approval of the editor-in-chief, Bonnie Marshall and the assistant editor, Bill Rapp. At last the *Les Mémoires* is ready for the publisher, and as all the staffs, advisors, and editors hope, it will be printed a prize winning yearbook.

## *Journalists Join Other Newspapers in Roto Publications Associations*

A whirlwind of an editor, Karen Norvig, has managed to harness her brood into an efficient staff. By pushing and pulling, and a little budget straining, this year's editors have managed to turn out Echoes at the rate of one almost every month. Miss Sandra Iobst and Miss Norma Mooney, efficient and experienced advisors, have coaxed and coddled this year's paper into one of the best ever.

Associate Editor, Jessie McFeeley, has helped the "Big Chief", and Pam Hill, Feature Editor, who is also a literary whiz, has turned in excellent copy. Gayle Cooke, News Editor, and her nosy news staff have kept the school up to date on the latest events. Sports Editor, Bob Pursell, rounds out the writing staffs for the paper, but credits must also go to Judy Kane, Business Manager; June Blase, Chief Typist; Craig Wagner, Photographer;

Anthony Kulczycki, Supplement Editor; and the members of the Circulation, News, Feature, Sports, Typing, and Photography staffs.

A new feature of the Echo this year is the membership in ROTO, a National Publications Association that is interested in bettering high school newspapers. Through ROTO, the Echo has introduced many new and interesting articles, and subscribers have received the ROTO magazine, a publication especially for high school students.

After a promising subscription sale, at which buyers were given the Echo at a bargain rate of ninety-nine cents, the Echo continued by giving the students of Wilson High School a highly organized, definitely informative, and very excellent school paper.

## *Student Council Promotes General Welfare*

To promote the general welfare of Wilson Borough High School is the main purpose of the Student Council. This provision is successfully fulfilled by the 1960-1961 representatives under the leadership of their president, Robert Vanover.

Other officers are John Schiro, vice-president; Sue Yetter, secretary; Robert Kellogg, treasurer; and advisor, Mr. Gerber.

One person from each homeroom, selected on scholarship and character make up the membership. This group has regularly scheduled meetings, and they call special ones when the occasions arise.

Its functions include the sponsoring of a March of Dimes dance after a varsity basketball game, participating in the Hi-Fi Club, presenting the annual talent show, and handling all matters that concern the betterment of our school. A country cannot survive without a capable government—so it is that we too need a good government, the Student Council.

The Wilson High School Chapter of the National Thespian Society was chartered in 1952, and since then many students have been initiated. Membership in the National Thespian Society is one of the highest honors that can come to a high school dramatist. Qualification for admittance represents many hours of work in the theater arts.

While acting in plays is an important role in the accumulation of thespian points, participation on the stage is not the only criteria for membership. For every good play there are student directors, stage crew, make-up

committees, property chairmen, and scores of "behind the curtain" workers who contribute much to the success of the presentation. These students, also, find recognition in the National Thespian Society.

Since 1952 Wilson has come a long way in organizing one of the most active troupes in the area. In 1960 the troupe won the annual "Theater of the Air" Contest, and under the guidance of Mr. John Hooper, its new advisor, it promises to bring even greater distinction to Wilson High School.

## Writers and Actors Enrich School Culture

Quill and Scroll, one of the newer clubs at Wilson High School, is an honorary society for outstanding members and editors of the Echo Staff and the Yearbook Staff. Membership is limited to all budding journalists.

The main activity of the club is their banquet at the end of the year honoring the present members.

## Thespians Produce Mystery Hit

The Wilson High Dramatics Club was first organized as a small group of students interested in the study of the theater. It has grown to its present capacity of fifty-five members, and is one of the most active clubs in the school.

The purpose of the Dramatics Club is the promotion of interest, ability, and knowledge in drama. Its meetings are devoted to the study of make-up, stage movement, and voice. Programs for entertainment are frequently planned.

A highlight of the "dramatist's" year is the annual presentation of a play in assembly, this year being "Murders of Miriam" a one-act play. Also, prominent in the program of the Club are three one-act plays presented for the public in the spring.

## *Hi-Y Members Are Supersalesmen*

The brother organization of the Y-Teens, the Hi-Y meets twice monthly at the Y.M.C.A. in Easton. Membership is open to sophomore, junior, and senior boys in good scholastic and character standing.

"To create, maintain, and extend throughout the home, school, and community high standards of Christian character", is the motto of the Wilson Hi-Y.

The club has been capably lead, this year, by its president, Keith Metler, its vice-president, Robert Pursell, its secretary, Roger Boger, and its treasurer, Joe Matyas.

This year, the Hi-Y Club has sold booster cards, refreshments at the football games in co-operation with the Junior-Senior Y-Teens, Wilson High bookcovers, and name cards.

Also, another highlight of this year's activities was the attendance of three boys at the district conference.

One of the teenage branches of the Y.W.C.A., the Y-Teens, is designed to make the young girls of today better women of tomorrow. The numerous activities of the club provide the girls with educational, spiritual, and social needs. Educationally, the girls attended the Y-Teen Rally, at which foreign students spoke on the life and the customs in their home countries. Spiritually, the clubs participated in the annual Recognition Service held at Colton Memorial Chapel, Lafayette College. Socially, the clubs, in cooperation with the Y-Teen Interclub Council, held three semi-formal dances.

## Future Teachers Gain Constructive Ideas

The M. Alton Richards Chapter, Future Teachers of America, stresses the importance of the teaching profession. It strives to develop the skills of those pupils interested in teaching as a career. Under the capable leadership of Mr. Sidney Segal, this year's club has done much exploration in this field. Various speakers have attended the meetings stressing special education and the demand for teachers. Students from other countries have spoken about their school systems, in this way encouraging teaching in foreign lands.

The club has served the school this year by presenting an assembly, guiding during the seventh grade orientation, participating in cadet teaching and teacher appreciation week, and ushering at P.T.A. open house. The club pays an annual visit to a college and to the district, county, and state conventions. This year 48 members represented Wilson at the Eastern District Convention in Reading. We are also the first club to edit the new Eastern District Newspaper.

## Future Nurses Stress The Nightingale Pledge

"I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity, and to practice my profession faithfully. I will abstain from whatever is deleterious and mischevious and will not take or knowingly administer any harmful drug." This is only part of the oath that the members of this club will be taking in a few years.

The Future Nurses Club strives to give its members a true picture of what nursing is, and an opportunity to become acquainted with the various aspects of the career.

An afternoon trip to St. Luke's Hospital, Fountain Hill, Pennsylvania, was taken, where the club toured the hospital and the school of nursing facilities. In the spring, the club members toured the Lankenau Hospital School of Nursing in Philadelphia, Pennsylvania.

In order to fulfill its purpose the club meetings have been a series of speakers and discussions on the nursing profession. A film, "Future Nurse", which featured singer Pat Boone as narrator, was shown. With the advisor, Mrs. Victor Schiro, five members attended the first state convention of F.N.A. at Central Dauphin High School held in November.

The Future Business Leaders, under the guidance of Mr. Glenn Koplin, has become acquainted with the opportunities available and the responsibilities that they will face when they enter the business world.

In order to fulfill its purpose, the club's activities include speakers, demonstrations, and tours of various business establishments in this area.

Opportunity for membership in the club is open to the eleventh and the twelfth grade students taking the commercial course.

For their goal the Future Homemakers of America put forth the motto: "To make better women of tomorrow and to train homemakers of the future." Under the instruction of their advisor, Miss Shirley Griffiths, the members attempt to further their interests in home economics by promoting an appreciation of the modern homemaking methods.

Programs this year included films on health, discussions, and speakers. For social relaxation, the girls held a bowling and Halloween party. The club also sponsored a trip to New York City where members and their guests took a tour and attended a musical.

## *They Serve School, Home, and Community*

The Key Club is a service club for boys from the tenth, eleventh, and twelfth grades in high school. The Key Club is unique in three ways. It is sponsored in cooperation with the officials of the local Kiwanis Club which is composed of leading business and professional men of the community. Second, the club is unique for its aim is the development of initiative, leadership ability, and good citizenship practices. Last, is the Key Club's service program. Not only does the club provide the school with services which make it a more pleasant place for the students and teachers alike, but it goes into the community as well, to undertake various projects for the benefit of the entire community.

This year, The Key Club has played host to school visitors, guest performers, and visiting athletic teams. They ushered at such school functions as the Christmas Pageant, the Senior Play, basketball games, and graduation exercises.

## *Students Assist in Care of Library*

P. Hower, M. Snyder, Mrs. D. Sloyer, M. Bogusky, R. Snyder

Books, magazines, and other reading materials are the reasons for having organized a Library Club. Although most of the students are very busy, they still find time to help in the library during their free periods and before and after school. Their duties include taking charge of over due notices, helping to manage the borrowing and returning of books, and arranging books on their correct shelves. They also keep an accurate card catalogue, help file magazines for reference use, and take charge of the desk when the librarian is busy.

Members are also given time to discuss the new books which come into the library and they also create attractive displays for these books.

In addition to learning all about the library, its purpose, and its parts, the members learn how to care for new books and how to mend damaged ones.

Mrs. Doris Sloyer, club advisor, as well as school librarian, guides and instructs the club in its many activities.

#### PRESERVICE CLUB

## *Future Servicemen Acquire Knowledge of Armed Services*

The Preservice Club, managed by Mr. Michael Horon, has been formed to give boys a chance to discover and examine the opportunities that are available in the branches of the Armed Forces.

The club is capably lead by Wayne Conover, president; Jerry Busch, vice-president; Wayne Brotzman, secretary; and Albert Holland, treasurer.

Membership is open to all sophomore, junior, and senior boys who show an interest in the field of the Armed Forces.

This year's program has included speakers and recruiters from each of the branches of the services, films, and demonstrations. The club members also took a field trip to McGuire Air Force Base in April.

## *All Sports Club Directs Athletic Activity*

In its second year at Wilson High School, the All Sports Club, under the guidance of Mr. Thomas Burke, has strived to arouse an interest in both team and individual sports which will benefit them both in school sports and later on in life during their leisure time.

This year's programs have featured panel discussions and movies on the All Star Game of 1960, the World Series Game of 1960, and the Nazareth-Wilson football game. Mr. Pete Pavia, a star player on the Lafayette varsity basketball team, addressed the club on the fundamentals of basketball. Mr. Joseph Villiano, a teacher, spoke on tennis techniques.

## *Efficiency Is Top Essential*

Stage crew members relax after assisting at a junior high assembly.

"Lights! Camera! Action! Hey, you guys, cut it out!" These, and other assorted exclamations are voiced when the stage crew goes to work. How could we ever have good assemblies and plays without this busy group? Although they are usually behind the scenes, this year's crew were coached into taking a bow by Mr. Reese at an assembly program.

The members must learn the intricacies of the backstage lighting and learn them well. They are introduced to a maze of wires and switches which they must be able to identify and recollect at a moment's notice.

During the annual Christmas Pageant, the boys are at their busiest. They are perched precariously on ladders as they seek to get just the right effect with the lighting and they are run to a frazzle trying to keep up with the change of scenes. For the senior play they must acquaint themselves with each piece of scenery and each prop and they are expected to get it in the right place at the right time. Then, too, there are the weekly assemblies, and although they are not so demanding they still require work. But the stage crew realizes that all work and no play makes Jack a dull boy so their off stage antics make even the most frightened participant in a school program, crack a smile.

## *Students Appreciate Courteous Service*

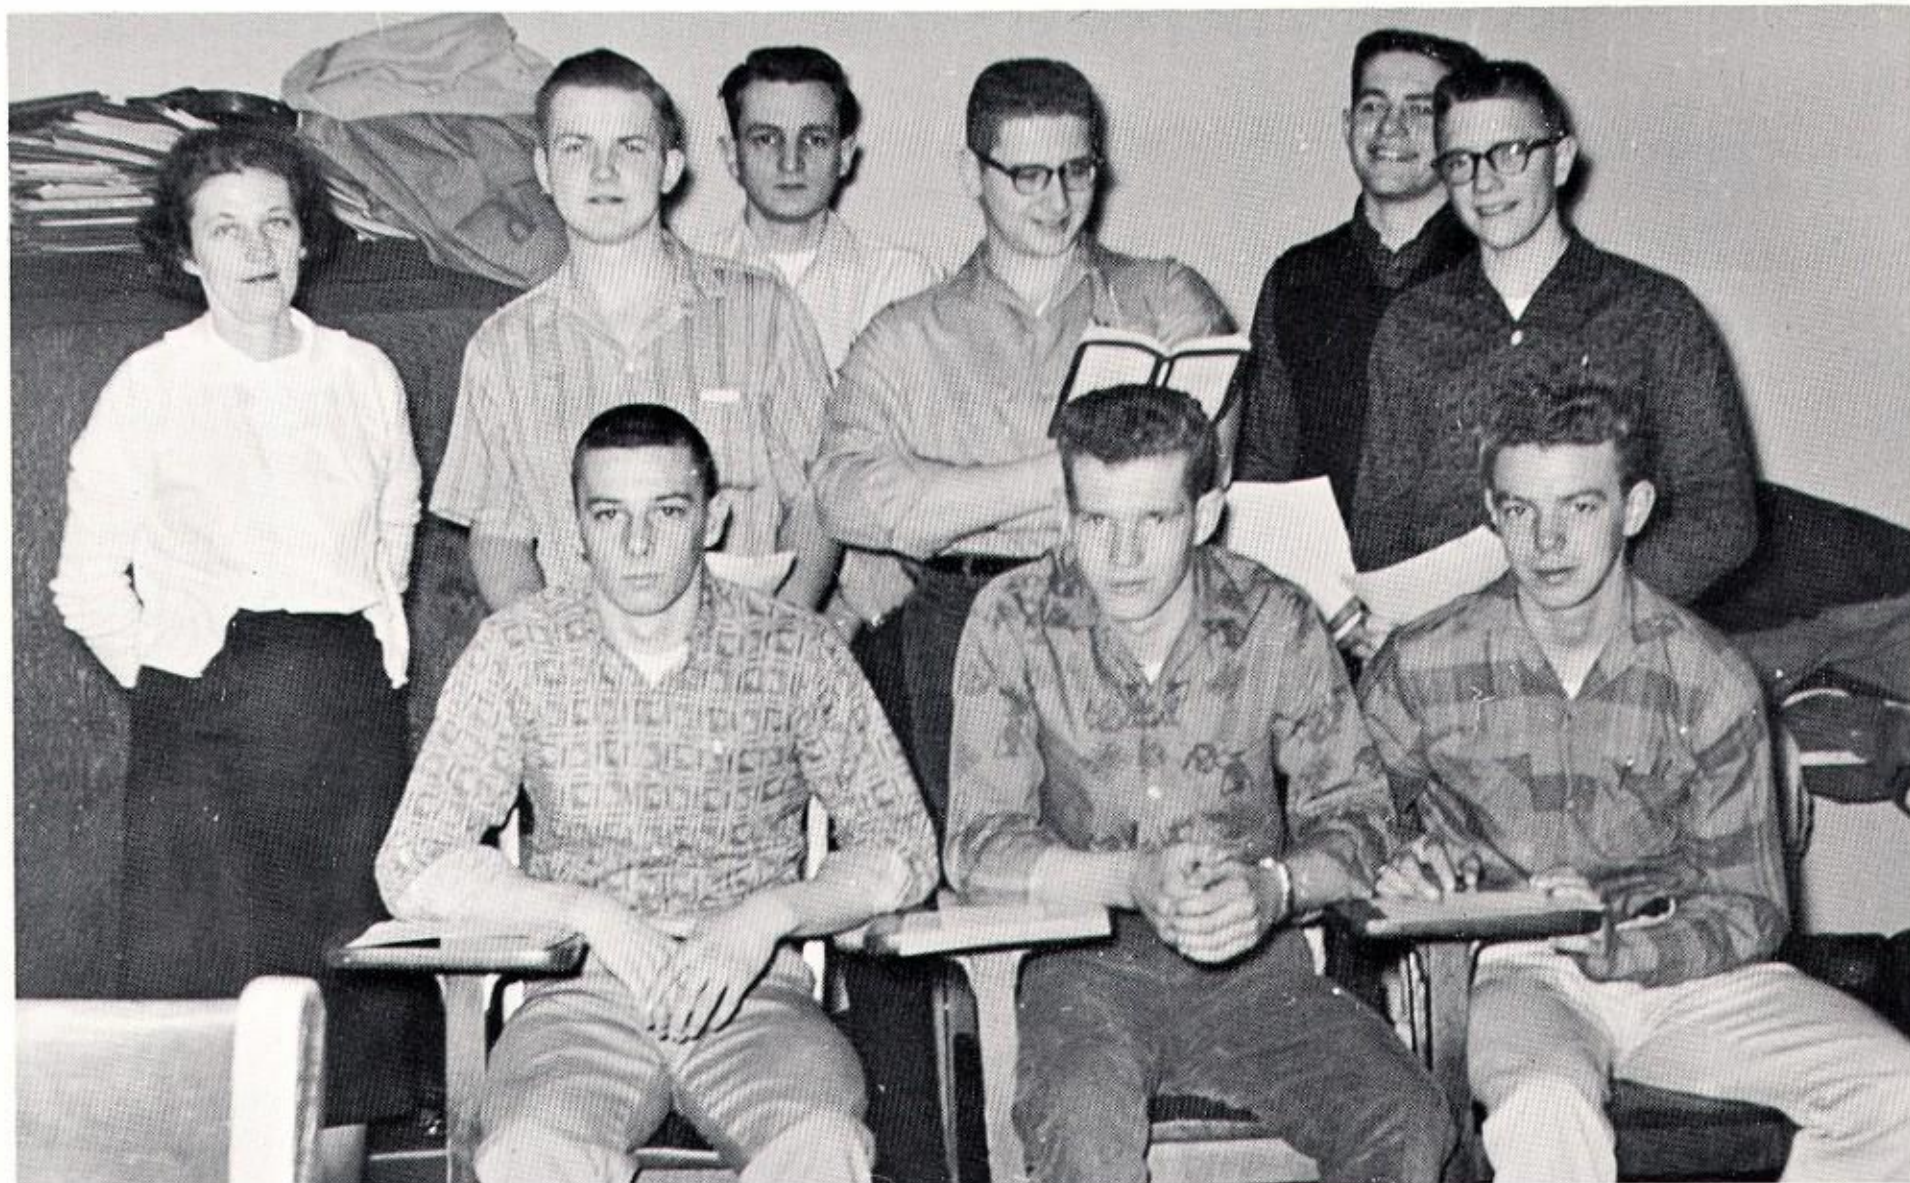

This band of boys, and their advisor, Mr. James Muschlitz, have aided every class in the high school. The members of the crew must be willing to put time into learning how to use the visual aid equipment.

The boys learn how to thread the various cameras properly, how to run the tape recorders and record players, and proper handling of machinery available.

Their knowledge has greatly helped in the classrooms where they contribute to the class by running the moving picture projector and correctly caring for the films and tapes used for the instruction. They have also helped out in assembly programs by setting up equipment for entertaining and instructive films.

## *"Reading Maketh A Full Man"*

The Great Books Club sets as its purpose the encouragement of its members to read and understand the books that have made significant contributions to human nature and to the advancement of human activity. The students can establish criteria for judging the value of a book by reading, analyzing, and discussing each book.

Miss Helen McHugh, club advisor, guides and in-

structs the members in their exploration of the literary world.

This year the club has analyzed such books as AMERICAN SHORT STORIES, BRET HART, DON JUAN IN HELL, HUCKLEBERRY FINN, and CRY THE BELOVED COUNTRY.

Although it is one of the smaller clubs at Wilson, the Philosophy Club, nevertheless, accomplishes a great deal. Mr. Philip Cohen, club advisor, leads the group in discussions concerning ancient and modern philosophers. During the year, they have considered the literary works of such major philosophers as Plato, Miguel De Unamuno, and George Bernard Shaw. A great emphasis has been placed on Shaw's, Don Juan in Hell and the club has devoted several activity periods to the discussion of the work. The major question these junior philosophers seek the answer to is "What is the purpose of a human being on Earth?"

The group has had several guest speakers including Mr. Gilbert Carney and Miss Helen McHugh. The group has worked with the Latin classes in planning the trip to New York City.

Artistic Typing and Shorthand      D. Sones, F. Morris, S. Greene, L. Snyder

## *Interesting Designs Created by Typists*

Above the hum of the electric typewriters can be heard the clicking of the typewriter keys as typing and shorthand enthusiasts pursue their hobby. The Artistic Typing and Shorthand Club, under the supervision of Miss Norma Mooney, offers a very interesting type of relaxation to students with an elementary knowledge of typing.

Individuals in the club combine artistic and typing skill to achieve pleasing pictures. By making use of cross-stitch, needle-point, and filet crochet patterns, the members create pictures, designs, and portraits. Using the pattern as a guide, they transfer the stitches from the pattern to the typewriter keys. Members bring in a copy of the design they want or they create their own.

The club has also used the cut-out pattern method of artistic typing to achieve interesting effects. The members have worked on a silhouette project where profiles of subjects are traced from shadows on the wall and then cut into patterns. With some spare time and a little bit of know how, the members of the club create pictures to offer enjoyable recreation and beautify the walls of the typing room.

## *Demands Increase in the Field of Science*

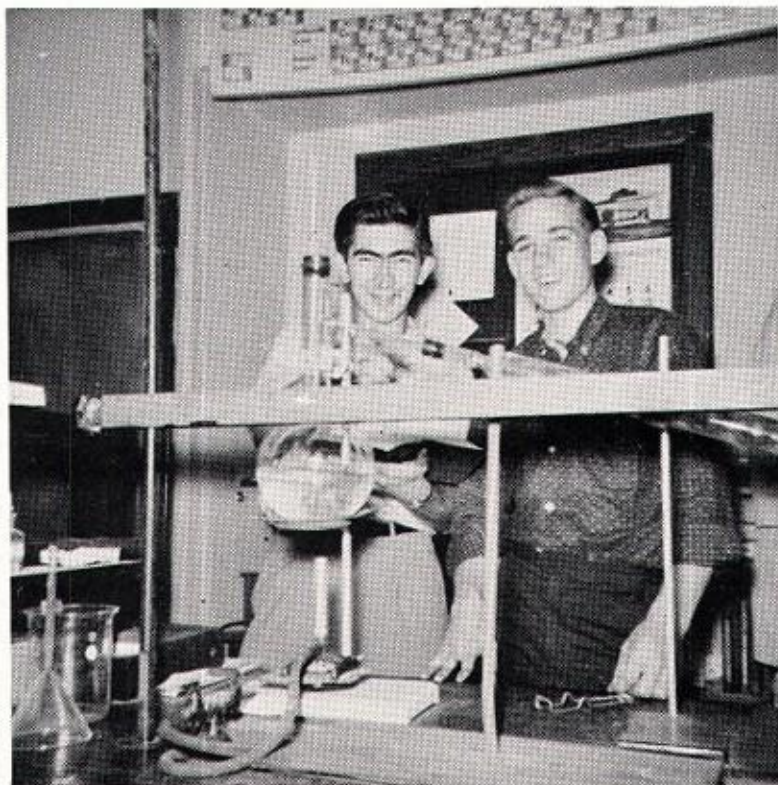

"Double, double, toil, and trouble; fire born and cauldron bubble!" Don't worry these are not mad ghouls, they are only chemistry enthusiasts pursuing their hobby. Although the air is sometimes filled with asphyxiating fumes, these "mad scientists" are just demonstrating the effects of a chemical reaction.

Mr. Richard Eckert, chemistry teacher and club advisor, directs controlled experiments performed by the students. During club periods, the members conduct advanced experiments and gain a deeper understanding

in the field of chemistry.

A member doesn't have to be a future Einstein to be in the club but an interest in the science is necessary. Through lab experiments and discussions the students seek to advance their skills in chemistry and to find answers to some of the phenomena in that and other related fields with a growing need for devoted chemists. These members are on the way to aiding our country through science.

## *Chess Club Enters Competition in Penn-Jersey League*

Concentrate! Concentrate! Don't make a sound as you walk into the Chess Club because you might interrupt a game-shattering move. As a member of the Penn-Jersey Interscholastic Chess League, our chess experts match wits with other teams in the area as they seek to gain the league championship. The seven best members of the club are chosen for league competition.

To be a member of the Chess Club, one needs a capacity for concentration. Vast experience in the game is not necessary, for older members of the club help newer ones acquire skill by offering helpful hints. Mr. Mitman, club

advisor, also gives pointers on the game.

Richard Brasefield is president of the club this year, and is an asset to the team with his ability on the checkered squares. George Heitzman, vice-president, and Lee Barry, secretary, have also greatly aided the team with their adeptness in the game.

## *Young Women Develop Sports Skill*

A new activity this year is the Gym Leadership Club, under the supervision of Mrs. Anna Bossert. Since this is the first year of its organization there are only nine members, but they are very willing to work together to make their club a success. These girls meet to acquire leadership and skill in sports and various gymnastic games.

They have been taught the proper use of equipment, rules of games, folk and square dancing, basketball participation, and fair play.

## *Industrialists Expand Abilities*

The Industrial Arts Club, consisting of wood shop, metal shop, and the graphic arts, is offered to boys who do not take the industrial arts course. It gives these boys a chance to learn how to work the machines and to understand the importance of these departments.

Each member of the club gets to try out his skills in each of the shops. In the graphic department, for example, the boys learn how to print tickets and programs for various school functions, and get practice in the field of mechanical drawing.

J. Parr, B. Meyers, and K. Williams check up on some detail before club period begins.

## *Boys Participate in National Conservation Program*

The Camping and Campcraft Club, one of the newer clubs at Wilson High, beckons the nature-loving individual. The ways of camping and campcraft learned here are put to use by taking field trips and becoming acquainted with Mother Nature. The members also visit State and National Parks where they not only learn the arts of camping but the importance of conservation in the world today.

## Boys and girls Create Useful Products

The Plastics Club was organized for boys with initiative and an eagerness to learn the art of working with plastics. Mr. Thomas Haffner, the advisor, is also a teacher of industrial arts and is so well qualified to supervise the boys.

Every activity period, the members of the club devote their time to creating ideas and manufacturing useful products from plastics. Any student, with just a little bit of ingenuity can utilize his time in mastering techniques in the field of plastics. Besides making useful products such as lamps, book ends, pictures frames, and others, the boys learn about plastics from the standpoint of industry. They discuss the whole new field that is being opened up, and they learn what science is doing with this substance that is barely out of the experimental stage. The club members also discuss the commercial and financial aspects of the plastics industry and they are concerned with future uses of it in the world. With an elementary background in the field, they are prepared to further pursue their talents after graduation.

## *Smaller Clubs Contribute to School Welfare*

For students with a real interest in world affairs, The Junior Foreign Policy Club offers a challenge. Mr. Richard Shelling, club advisor, incites in the members a desire to be up-to-date on international problems.

During activity periods, the students discuss social, economical, and governmental problems affecting the world we live in. Members have had forums on the United Nations, after affects of the World Wars, and treaties between nations.

The club has had foreign exchange students as guests to talk to them about the customs of other countries and life abroad. Visitors from other lands have also increased their knowledge of other people. Panel discussions, films, and reports have been an important part of this year's program. Through films, members have studied events that made history and events which are in the news now. Through reports, members are given a chance to dig up information on a subject that catches their interest and pass it on to other members of the club. Through a better understanding of world affairs, students are able to contribute possible solutions of America's problems, and problems affecting other nations, as well.

*Advisor.....Mr. Richard Shelling*

The Photography Club is not only composed of experienced camera bugs on the Echo and Yearbook staffs, but of students just interested in the field of photography.

The members of the club learn how to operate various photographic equipment and are enlightened to the opportunities available in this field of endeavor.

The importance of good clear pictures, a good content in the picture itself, and the developing process are stressed by the club advisor, Mr. Harold Reppert.

Throughout the year the members go on field trips, visit photographic exhibits, and photograph school activities and functions.

#### JANITORS

Heil, Mrs. Emma Bruch.

Mr. Gilbert Carney, English teacher, works diligently correcting his student's test papers.

Mr. Thomas Haffner instructs Barry Kehler in some work in the industrial art shop.

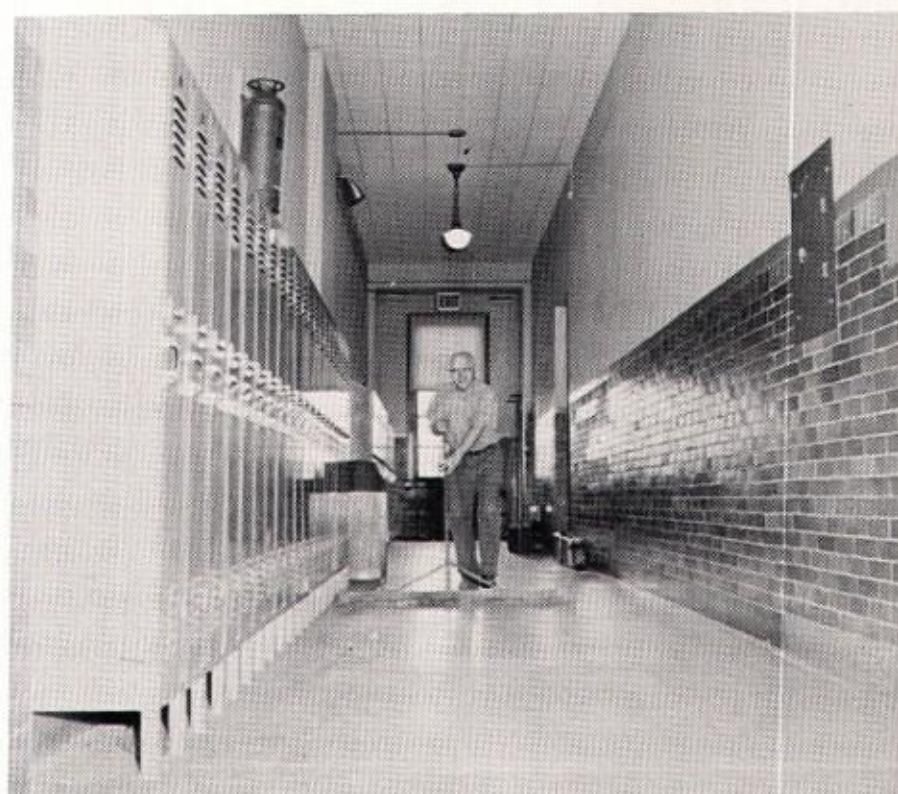

Surprised Mrs. Bossert has her picture taken while supervising girls gym class.

Terry Gibbs receives help in his homework from student teacher Miss Van Eten.
